

Celebrate your NSI Approval with a Framed Medal

As an NSI approved company, you are invited to commemorate and celebrate your approval with an NSI gold or silver medal produced by the Royal Mint, the world's premier coin and medal producer, framed together with your Certificate of Approval.

A framed medal is the perfect way to create a central focus in your company's reception area, boardroom or executive office. It demonstrates to customers and visitors your commitment to the highest standards of service, quality and continual improvement through an ongoing programme of audit by NSI.

You may also wish to have a formal presentation from our Chief Executive, to mark your achievement. The occasion provides a perfect opportunity for photos which you can use for your own promotion and PR activities.

This exclusive package is priced at **£299 + VAT** (including delivery)*.

If you hold multiple Scheme Approvals with NSI, you may order separate framed medals for each Approval Scheme.

To place an order or for more information, please contact NSI's Marketing Department on 01628 764870 or marketing@nsi.org.uk

*Price valid until 31st March 2027

National Security Inspectorate (NSI) - The leading UKAS-accredited specialist certification body in the security and fire safety sectors, independently approving over 2000 companies nationally to International & British Standards and NSI Codes of Practice.
